

It's time for Tierra Bonita's annual
Tile Beautification Project.
Friday, March 19th 2:05-3:00 in the lunch area
(Parental supervision is required))

This year, with each tile you buy, you'll also get to paint a butterfly for our butterfly beautification project. The butterfly project started at the San Diego Jewish Academy in Carmel Valley. They are collecting 1.5 million butterflies from all over the world to represent the children who died in the Holocaust. We'll be sending 18 of our butterflies to their school to be included in the project. The rest of the butterflies will remain at Tierra Bonita to decorate our halls.
